

SMALL CROSS SECTION STRIP

The Small Cross Section Strip is both inexpensive and highly efficient.

Features

- Luminaires suitable for unit, row, surface, or suspension mounting.
- Combination end plate/coupler.
- Multiple knockouts for convenient installation.
- Housing is multi-stage phosphate treated for maximum corrosion resistance and finish coat is high reflectance baked white enamel.
- Heavy-duty channel of code gauge die-formed steel.

- Wireway cover is retained by a quarter turn fastener, providing easy ballast access without tools.
- UL listed for direct mounting on low density ceilings (except low power factor models).
- UL listed for damp locations. Units incorporating emergency ballasts UL listed for dry locations.

****Important** Reflectors must be ordered separately.
